

Mr. William H. Black, Jr., P.E.
American Master Door, LLC
Owner and Managing Director
6216 Suite H, Angus Drive
Raleigh, NC 27617

Subject: Import, Distribution and Service for Master Door Products in the United States

Dear Mr. Black:

We are pleased to notify you, and the existing and future United States customers of the Master Door product line, that your company, American Master Door, LLC, is currently recognized as the principal US affiliate for Import, Distribution and Service of our secure door systems.

Your business has been promoting our door systems under the name of Category 5 Security Doors, LLC, since 2007, and we are very proud of your recent decision to change the business name to American Master Door, LLC. This change further endorses your company's ongoing commitment and affiliation with Master Door to promote our products in the US.

We also recognize that from 2007 to 2014, Category 5 Security Doors, LLC, attempted to do business as a distributor for the Master Security Doors, Inc. (MSD), organization located in South Florida. However, during that time period several MSD business actions inhibited the ability for your company to be successful.

In addition, since 2014 we have terminated any relationship with Master Security Doors, Inc., therefore any commercial activity carried out by Master Security Doors Inc., or other subjects connected with it, in the United States are totally extraneous to our business.

Though your company has not had any business dealing with Master Security Doors, Inc., since 2014, your former company name, Category 5 Security Doors, LLC, is still listed as a Distributor Contact on the MSD website. Potential customers should be aware that your business is not associated with Master Security Doors, Inc., in any form.

Master Door supports the ongoing efforts by American Master Door, LLC, to eliminate the deceptive business practices currently employed by the operators of Master Security Doors. We also fully encourage customers interested in our secure door systems to perform their due diligence regarding Master Security Doors, Inc., and contact American Master Door directly at (919) 787-9077 or (919) 345-8708.

If our potential customers in the US have any questions regarding our business affiliations, please contact Elena Alberoni via email at ealberoni@masterdoor.it.

Sincerely,

Master Porte Blindate

President
Francesco Bigoni
